

## Bothwell Receives National Honorable Mention

Bothwell recently received an honorable mention at the national Amerinet Healthcare Achievement Awards for quality patient care delivery and patient satisfaction for its Project RED patient reunions. Project RED works to decrease readmission rates for patients with congestive heart failure. The reunions were developed as a venue for education and communication for these patients. Amerinet President Todd Ebert recently presented Bothwell team members who helped develop and implement the reunions with the award banner. (Front row from left, Lindsey Moore, Linda Lower, Jennifer Rehmer and Jenine Lees. Back row from left, Brad Nicholson, Rose McMullin, Todd Ebert, Ashley Barnes, Ginny Crow, Ja Hickman, John Dawes, Melissa Sims, Kiwi Popyk and Kathy Hansen).
