BOTHWELL AUXILIARY SEEKS VOLUNTEERS

SEDALIA – The Bothwell Auxiliary has volunteer opportunities for those interested in meeting new people and giving something back to the community.

The Auxiliary is a major supporter of Bothwell Regional Health Center. In addition to managing and operating the gift shop, Auxiliary members host book fairs and special sales throughout the year and coordinate the annual Ice Cream Social. Auxiliary volunteers also staff concern desks in several hospital reception areas, where they assist patients and visitors with various needs and information.

Volunteers are a vital part of the services Bothwell provides to its patients and their families. They make a real difference by providing the little extras patients have come to appreciate, and their personal touch helps make the hospital a warm, friendly place.

For more information on becoming an Auxiliary volunteer at Bothwell Regional Health Center, please call Vickie Perry at 660-827-2938 or complete and return the volunteer application online at www.brhc.org.
