BOTHWELL HOSTS COMMUNITY BLOOD CENTER DRIVE MARCH 22

SEDALIA – Bothwell Regional Health Center will host a Community Blood Center Drive from noon to 3 p.m. on Friday, March 22, at the Bothwell Education Center, corner of 14th Street and Ingram, in Sedalia.

By donating an hour of their time, donors can save two lives, according to the Community Blood Center, which supplies blood products to Bothwell Regional Health Center. Donations to the Community Blood Center are more likely to remain local and help family and friends in our community.

Donors can book their appointment at savealifenow.org or by contacting Michelle Burgin at 660-827-9550 or at mburgin@brhc.org.
