FAMILY PHYSICIAN JOINS STAFF AT BOTHWELL HEALTH CENTER – TRUMAN LAKE

Dr. Daniel Boyce is the newest family physician to join the staff of Bothwell Health Center – Truman Lake in Warsaw.

Dr. Boyce holds a degree from the University of Health Sciences College of Osteopathic Medicine in Kansas City. He also completed a residency in family practice at Truman Medical Center-Lakewood through the University of Missouri-Kansas City and a residency in pathology at Kansas University Medical Center in Kansas City, KS. He has held previous positions with St. Joe Urgent Care in St. Joseph and St. Luke's Medical Group in Platte City, MO.

Dr. Boyce is a member of the Missouri Society of the American College of Osteopathic Family Physicians, Missouri Association of Osteopathic Physicians and Surgeons and the American Academy of Family Physicians. He is certified by the American Board of Family Medicine.

“We’re pleased to have someone with Dr. Boyce’s experience and credentials join our staff,” said Dr. Jack Beltz. “With the opening of our new health center and the expansion of services, we need another family physician to help us meet the growing demand for primary health care.”

Boyce will join Drs. Beltz and Melissa Stephens and nurse practitioner Patty Garcia. His first day at the health center will be Tuesday, May 26.

“I’m excited about joining the staff at this new state-of-the-art facility, and I’m especially looking forward to Warsaw because my favorite pastimes are boating, fishing and hunting,” said Dr. Boyce. “I think Bothwell Health Center – Truman Lake will be a good fit for me.”
