

## Sedalia Recognized for Community Blood Drives

Sedalia was recently designated as a member of the Community Star Club for 2013 by the Community Blood Center of Greater Kansas City. This award is given to communities whose residents have donated 400 or more units of blood during the year. (Four hundred plus units of blood donated saves more than 800 lives.) This life-saving gift of blood supplies Bothwell Regional Health Center as well as other hospitals in the area. The Star Award was received by Bothwell Regional Health Center Auxiliary member Marge Watson, who serves as chairman of the

blood drive for the community. Bothwell Auxiliary volunteers who regularly assist with the drives and who shared in the honor during the April blood drive at First Christian Church are pictured front row from left: Anne Hamilton, Anna Craig, Martha Bridges, Marge Watson; back row from left: Vickie Perry, Jane Cornine, Mary Jo Stephenson. Other BRHC Auxiliary members on the blood bank team are Judy Steele, Anne Lee Bail, Jim Monroe, Joyce Monroe and Betty Christal. The next community blood drive is June 3 at First Christian Church, 200 South Limit.
