

Gov. Nixon Visits Bothwell

Gov. Jay Nixon visited Bothwell Regional Health Center in Sedalia on Thursday, February 28, to talk to a standing-room only crowd about the importance of the Missouri Legislature expanding Medicaid eligibility under the Affordable Care Act. The expansion, which is financed for the first three years by the federal government, is projected to generate an additional 24,000 jobs in the state and add \$8.2 million in federal spending to the state's economy over the next seven years. Expanding Medicaid is "the smart thing to do, and it's the right thing to do."
