NEW PHYSICAL THERAPIST JOINS BOTHWELL REGIONAL HEALTH CENTER

Bothwell Regional Health Center has announced the addition of Scott Simpson to the physical therapy team.

Simpson has more than 15 years of experience in physical therapy and has practiced as a contract physical therapist in Texas, Missouri and Kansas. He is a certified pedorthist, who is trained to prevent and treat painful foot and ankle conditions. Simpson worked at Bothwell briefly from 2008 to 2009.

He received a bachelor's degree in physical therapy from Southwest Baptist University in Bolivar and a bachelor's degree in exercise physiology from the University of Missouri – Columbia.

“We are excited to bring someone with Scott’s experience to Bothwell Regional Health Center,” said John Dawes, president and chief executive officer. “He will add depth to the physical therapy services we offer our community.”

Bothwell Regional Health Center’s physical therapy services help patients achieve strength, independence and the ability to perform daily activities so they can return to the highest possible level of independent living. These services are available by appointment at the health center in Sedalia, Bothwell Health Center – Truman Lake in Warsaw and through Bothwell Home Health. Bothwell therapists also provide services at Rest Haven and Fairview nursing homes in Sedalia.

###

Bothwell Regional Health Center is a 140-bed regional health center serving west-central Missouri with state-of-the-art technology and comprehensive health and wellness services including surgical, cancer, orthopaedic, endovascular/cardiac, women's health, and therapy services.
