THIRD NATIONAL BANK CONTRIBUTES TO EXPANSION OF CARDIOVASCULAR AND CANCER CENTERS

SEDALIA, MO – Third National Bank has made a \$150,000 investment in the health of the community.

Bothwell Regional Health Center's Foundation received the \$150,000 contribution for its first capital campaign, "For Your Health, Close to Home," which benefits the expansion of the health center's cardiovascular and cancer centers. The contribution will be gifted in \$30,000 annual payments over the next five years.

Third National Bank President Larry Bahr said the expansion is important because it improves the quality of life for residents and contributes to the local economy during the construction phase.

"As a community bank, we are committed to being the leading financial institution in Pettis County and Sedalia by providing our customers with quality financial solutions and exceptional customer service," Bahr said.

"We not only play a role in the community through financial support but also through the support of local organizations. Bothwell Regional Health Center has always supplied quality medical care to this community, and we can not imagine what Sedalia would be like without them."

The \$150,000 gift moves Bothwell's Foundation closer to its goal to raise \$3.5 million for the project.

“We are grateful to Third National Bank for their support and contribution, which brings us closer to our ‘For Your Health, Close to Home’ goal,” said Foundation Director Melia Douglass.

All gifts, including stock or property, are tax deductible. People interested in learning more about what they can do to enhance cancer and cardiovascular services in Pettis and Benton counties may contact Douglass at 660-826-6263. The Foundation also accepts donations online at www.brhc.org.
