Community Funding Request Information and Eligibility

Background

Bothwell Regional Health Center Foundation is committed to providing excellent healthcare for our community every day; with an overall objective of ensuring that our community achieves optimal health. As such, Bothwell Regional Health Center has been our community's health resource for many generations, not only providing care when individuals are injured or ill, but also helping our community manage their health with health education, prevention and wellness, screenings and primary care. BUT achieving optimal health takes the efforts of many organizations all working together toward a common vision. To best achieve the vision of Bothwell Regional Health Center vision of optimal health for our community, Bothwell Regional Health Center Foundation created the Community Funding Request Program.

The Bothwell Regional Health Center Foundation Community Funding Requests Program was established to provide funding to organizations to help accomplish significant results in improving the health of the citizens in the region we serve (Pettis and Benton Counties).

Funding requests will be solicited from eligible entities for program activities and initiatives that address a community health need as identified in the Bothwell Regional Health Center Community Health Needs Assessment.
